FOAMART® IMPRESSION KIT

FSS CONTRACT - #V797D-40270

When taking a negative impression of a patient's foot, there is no system that can match the convenience and accuracy of Foamart Foot Impression Kits. In just seconds a technician can take an impression of a patient that will accurately match their size, shape and arch. Foamart is the highest quality foam available and will not crack during or after an impression. Available in convenient self-mailer boxes or in bulk form. Foamart comes in two sizes, standard (12") and long (14").

APEX® CUSTOM THERMOTHOTICS

FSS CONTRACT - #V797D-40270 HPCS: A5513

Apex Custom Thermothotics are fabricated from a positive model of your patient's foot. The orthotics are custom fabricated with sufficient arch filler to provide total contact, alleviating pressure points and reducing friction.

When fabricating the orthotics, the device is ground to the correct thickness to ensure that the orthotics fit perfectly with your patient's footwear. The custom orthotics should arrive ready for dispensing with no need for in-office modifications.

CU40668 - ThermoSKY EVA Base - 40 Dur. (Shore A)

Conformable Plastazote top cover for continuous protection and comfort. ThermoSKY EVA base is light-weight, durable and fabricated to sit naturally inside the shoe.

CU40681 - Plastazote X-Firm Base - 40 Dur. (Shore A)

Conformable Plastazote top cover for continuous protection and comfort. Plastazote X-Firm base is very light-weight, easy to adjust and designed to sit naturally inside the shoe.
